

EM253 External Color Monitor

Painless Framing and Focus

Take the guesswork out of your imaging with the big 2.5"/64mm color active matrix LCD on the Gates EM253. Framing, focus and other settings are easy to see (even in bright sunlight), so your results are easy, too. Convenient features like power-on/off and NTSC/PAL auto sensing make the EM253 a worry-free winner. Reliable, durable, dependable – the Gates hallmark for over 35 years.

Key Features

Big 2.5in/64mm Color Display – takes the guesswork out of your underwater imaging.

14 Hours Display Time on a fresh set of alkalines. NiCad and NiMH batteries are fine, too.

Swivel Mount – allows viewing from any angle – sides, top, back – even from the front!

Power-On Auto Sense – Never worry about running down your batteries. Power-on/off is fully automatic.

PAL/NTSC Auto Sense – the EM253 intelligently and automatically switches between NTSC and PAL modes for true global compatibility.

2-Year Warranty. Only Gates offers a 2-year renewable warranty on all housings.
