

Starlite ST5 External Monitor Housing

Full HD Resolution External Monitor in a Compact Size

The Gates Starlite ST5 is specifically designed for the Transvideo Starlite SDI monitor / recorder (not included), a compact, smartphone-size 5.0" / 125mm color LCD. Accessible in ST5 are the Starlite LCD 'Smart Corners' with direct access to a variety of functions including histogram, vectorscope, waveform and peaking. The Starlite ST5 is a swivel-base mounted External Monitor for viewing, framing and focus at any angle -- even in bright sunlight. The ST5 draws power from the camera or v-lock battery, preserving a low profile to the housing and eliminating extra batteries.

Of course, the Starlite ST5 External Monitor housing comes with Gates 2 year renewable warranty and 'bulletproof' construction. Reliable, durable, dependable – the Gates hallmark since 1969.

Key Features

Full 1920x1080 Resolution
on a compact 5.0in / 125mm color LCD.

Designed specifically for the Transvideo Starlite HD5 and HD5+ field monitor with access to 4 assignable Smart Corners.

Focus and Exposure Tools
Vectorscope, waveform, peaking, false color and zoom are available via the 'Smart Corners' on the Transvideo LCD.

2-Year Warranty. Only Gates offers a 2-year renewable warranty on all housings.

SDI Interface is robust and reliable.

External Power
The ST5 draws power from the camera, retaining a compact size and no additional batteries needed.
