

## Gates Immersive Housing Specialists

A singular goal of the Gates Immersive Housing project is to ensure only the finest, sharpest, most comfortable viewing content is acquired for Apple Vision Pro. To that end, these underwater professionals have completed the Gates Immersive Housing Specialist STO course. They are trained in immersive video acquisition strategies and techniques (i.e. the do's and don'ts), image processing with Blackmagic Davinci Resolve Studio, and of course the setup and operation of Gates Immersive Housing system. These select individuals are key to your success.
